

I am a loyal listener to K-Love radio 106.7 because it fulfills my need for pleasing music and informative news. I would be very disappointed if 106.7 were displaced by an LPFM broadcaster providing other programing. I was so glad when K-Love came to our market because I have heard of lives being strengthened. My best friend's teenager has benefited from the programing and has made some tremendous life turn-around decisions. Thank you for allowing 106.7 to stay in this market.
